WELCOME

Dear JCI Malta Senators, Members and Friends,

Hope you are all well and for the lucky ones amongst you, enjoying the well-deserved breaks.

Here at JCI Malta things have been busy on various fronts including the on-going training relating to the Best Business Plan Competition, the organisation of the JCI Presenter course, representation at the European Conference in Turku (Finland) and the JCI European Academy in Gothenbourg (Sweden), as well as preparations for the next Boardroom Meeting, National Convention and other high-calibre training events.

Before closing off, I cannot not mention the fact that three of the honourees awarded during our TOYP ceremony last November, are among the 30 finalists for the 10 Outstanding Young Persons of the World (TOYP) Awards, to be announced in November during JCI's World Congress to be held in New Delhi, India. Ms Klejda Mulaj, Mr Marco Cremona and Mr Alan Deidun have not only made us proud by this selection, but also goes on to prove the great things that these people, as well as may others, have been doing within our society and beyond. Watch out for this year's edition of TOYP. Nominations are now being accepted so make sure that those people who really deserve it, get recognised.
